The Park Lane Seaport residences have opened on Boston's waterfront, introducing luxury apartments to Boston's Seaport District and continuing the transformation of the waterfront to an around-the-clock destination. Designed by Arrowstreet, Park Lane provides apartment living with upscale features and amenities. Units boast of panoramic views of Boston Harbor and Boston's skyline through floor-to-ceiling windows.

The \$130million development consists of 465 units in 2 buildings. A true mixed-use project, the building boasts of exclusive concierge services and 20,000 square feet of on-site restaurants and retail. Residents also find themselves in a brand new neighborhood - streets with spotless sidewalks and gleaming streetlights.

Arrowstreet is a multidisciplinary design firm based in Somerville, MA. Since 1961, the firm's designs have been based on a unique approach: look beyond traditional architectural and planning concerns into the underlying political, economic, and social issues which affect the success of a project.
