Somerville, MA: 01 October 2009

Arrowstreet has been selected by the University of Massachusetts Building Authority as the architect for the UMass Lowell Residence Hall Inn & Conference Center. The project will meet the university's increased demands for student housing by converting the existing building from a commercial hotel to a multi-use facility primarily used as a student residence hall, with a separate Inn & Conference Center that will be open to the public year round.

Arrowstreet is a multidisciplinary architecture and planning firm based in Somerville, MA.
